DBG Competition Styles and Statistics

Click [here](#) to see the BJCP 2008 category guidelines that we use

KEY for statistics: Jdg=Judge, JgA=Alternate Judge, Stw=Steward, ent=Entry but no medal

RULES:

- Points are awarded each month: 5 points for 1st place, 4 points for 2nd place, 3 points for 3rd place, and 1 point for entering (but not in the top three).
- Earn 1 point for each AHA-sanctioned Florida competition entered as a DBG member, and earn 1 point for each AHA-sanctioned competition outside of Florida (up to a maximum of 5 non-Florida competitions) that you entered as a DBG member. Competition results must be completed before the DBG meeting to qualify. Entry form receipt (or score sheet) is proof of entry.
- Enter in any category, but limit of one entry total per brewer or brewing team each month.
- A brewing 'team' may have an entry, but any points awarded go to the team, and are not split up amongst the team members.
- An individual brewer may be named as brewer or cobrewer on more than one brewing team entry, but should only be named as a cobrewer if the effort was truly collaborative (rather than just 'helping').
- **NEW FOR 2014: For each three entries the brewer is required to judge once. Any beers entered before the brewer has completed the judging duty will be judged with full score sheets, but will not be eligible for HOTY points. The brewer must complete the judging prior to submitting additional entries for points. The judging duty credit is not retroactive: You must judge quarterly if you plan to enter a beer each month wanting to earn HOTY points. This change was implemented to encourage more judging participation so we can provide valuable feedback to our fellow brewers.**
